Second Annual Fall Fair, October 1, 2, 3, 4, 5

THE SECOND ANNUAL FALL FAIR OCT. 1-5

A BIG AFFAIR IS BEING PLANNED.

ORANGE COUNTY INCLUDED

Committee Meeting Monday Evening; Much Enthusiasm Is Shown; Exhibits Will Be Accepted From All Over Orange County.

The Second Annual Fall Fair, staged for the first five days of October, will undoubtedly be the most important event ever arranged in this community, as it was decided at a committee meeting Monday evening in the library building to include the entire county.

The territory last year was confined to that section west of the Santa Ana river and south of the Garden Grove road, including the Newport mesa.

F. H. McElfresh, chairman of the general committee having charge of the fair, presided, and stated that the meeting was for the purpose of getting the ideas of the chairmen of the various committees as to what should be done.

Mr. McElfresh stated that the city trustees had agreed to appropriate \$500 for the fair and the county \$200, so that \$700 were available, which was assurance that the fair this year would be bigger and better.

After some discussion, it was decided to allow exhibits from the entire county. E. E. French said the growers here were not afraid of those of other sections of the county.

Judge Copeland suggested that one day be designated as Huntington Beach Day, others as Wintersburg, Talbert and Westminster.

Dr. Wilson suggested a booster trip. H. V. Anderson, cashier of the Huntington Beach Company, stated that his company had contracts with 15 or 18 interior newspapers, and H. L. Heffner, manager of the company, had authorized him to say that considerable space would be donated toward advertising the fair.

C. E. Lavering suggested that a prize be offered for the biggest fish caught each day of the fair and the catch sold for the benefit of the Red Cross fund.

R. C. Turner thought an effort should be made to hold the expense within the money now available, so that the fair would not interfere with the other smaller community events that would follow at intervals during the year, which have been of so much benefit.

Dr. R. H. Chapin said if the exhibits were safely guarded people might not hesitate about making entries early.

At the suggestion of Wm. C. O'Connor, the chairmen of the various committees were requested to make an approximate estimate of the amount of money required for their departments and report at a meeting next Monday evening at 7:30, in the library building. The public is welcome to these meetings, as suggestions from interested citizens will be appreciated.

Those present Monday night included Trustee and Mrs. R. H. Chapin, Mrs. H. L. Heffner, Mrs. Edgar Edwards, Judge Louis A. Copeland, Trustee Joseph Vavra, President of the Board of Trustees E. E. French, Chairman of the Board of Supervisors T. B. Talbert, City Treasurer C. E. Lavering, H. V. Anderson, City Manager Geo. W. Spencer, H. T. Dunning, J. K. McDonald, Geo. O. Franklin, Dr. F. E. Wilson, F. H. McElfresh, Jas. J. Conrad.

CHILDREN REQUESTED TO KEEP OFF TERRACE.

BOARD IS ANXIOUS TO HAVE GRASS GROWING.

The trustees of the Grammar school are making an effort to grow grass on the terraces along the border of the grounds, which is being seriously interfered with by children who enjoy sliding down the inclines.

Parents are requested to advise their children not to play on the grounds at this time.

RICHARD BONE OF OAKLAND DROWNED.

FIRST BATHER TO LOSE LIFE HERE.

Richard Bone of Oakland was drowned in the breakers near the pier, Sunday afternoon, being taken from the water about 2:30 o'clock.

A heroic effort was made by citizens to save his life with the lungmotor, but he had evidently been in the water too long before being rescued, as it is stated that about 20 minutes elapsed before he was taken from the waves. Both Dr. Wilson and Dr. Shank were among those assisting in the use of the lungmotor, and Leonard Obarr, Chas. J. Andrews, City Marshal John Tinsley and Wm. C. O'Connor.

Mr. Bone was accompanied to Huntington Beach from Los Angeles by a sister, whose name could not be learned, and M. Ringrose, Southern California manager for the P. F. Collier Co., for whom the drowned man worked as a subscription solicitor. He is survived by a wife and three children, one of whom is a son 16 years of age, in the Government service. He was 35 years of age, and is said to have been married at 18.

The remains were taken to the undertaking parlors, and an inquest was held Monday morning, with W. J. Althaver, G. W. Fowler, J. K. McDonald, Chas. J. Andrews and W. A. Will as the jury, who reported death due to accidental drowning.

There was a big Sunday crowd on the beach, and several hundred persons were soon attracted to the scene on the beach, where the work with the lungmotor continued for about two hours.

The unfortunate man swam through the breakers just west of the pier, in company with Mr. Ringrose, and a swift current was encountered passing under the pier, which soon carried them out well beyond the danger line. Mr. Bone called for help, but as he was known as a great joshier, Mr. Ringrose did not take the call seriously at the start, but soon discovered that his friend was in need of help, and attempted to aid him, but was unable to do so, and advised him to float until he swam to shore for a line. Lines with life preservers attached were thrown from the pier to Mr. Bone, and at one time laid directly over his body, but he was too weak to assist himself to the extent of grasping the rope. The body soon drifted farther away from the pier and out of the current and floated toward the shore, and H. L. Heffner, manager of the Huntington Beach Co., swam out to the dying man and held him until others arrived and assisted in bringing him to the beach.

Among those who made an effort to save Mr. Bone were Loomis Johnson, son of Mr. and Mrs. C. A. Johnson, Frank and Marvin McGuire, sons of Mr. and Mrs. W. M. McGuire, and Earl Walton, son of Mr. and Mrs. Nathaniel Walton, of Wintersburg, and Frank and Earl had a narrow escape from being drowned themselves. Marvin succeeded in swimming back through the rough sea, but the strong current was too much for the other young men, and they were pulled up on the pier by Ray Morgan and others.

YOUNG MEN MUST REGISTER AUG. 24.

REGISTRAR WILL BE AT FULLERTON.

All young men who have attained their majority since June 5 must register for military duty Saturday, August 24, between the hours of 7 a. m. and 9 p. m.

There will be but one registrar for this district, who will be at the Local Exemption Board office in Fullerton. This ruling applies only to young men who became 21 years of age since June 5, 1918.

So far as this end of the district is concerned, there are few if any young men that will be affected by this law, as nearly all of them have already enlisted in some branch of the service.

HOWARD WILLIAMS IS AT THE PRESIDIO.

Howard Williams, who entered the service about three weeks ago as an artilleryman, is at the Presidio. He is a son of Mrs. H. B. Parks of Sixteenth street.

THE OLD VETERANS ARE LEAVING TODAY

LAST BUGLE CALL AT CAMP WILSON THIS MORNING.

A SUCCESSFUL ENCAMPMENT

Very Large Attendance at "Pay Night" Entertainment; Splendid Program Rendered; Registrations Less Than Last Year.

The last bugle call was sounded at Camp A. J. Wilson this morning, and the Old Veterans and their friends have been busy today breaking camp and entering on the homeward march.

Although the registrations are slightly less than last year, the camp has been one of the most successful held in several years. The receipts at the "Pay Night" entertainment were the largest since the expenses of the camps have been raised in that manner, being \$441.40. Commander Tom Hull and Entertainment Manager W. E. Herendeen and other officials are highly elated over the grand response of the people of the community. A large proportion of those present were ranchers from far and near. The attendance was far and beyond that of any entertainment ever given in Huntington Beach where an admission was charged, the attendance being estimated at close to 2,000.

The program rendered was about all that anyone could have desired. The great attraction was the Naval Reserve Band from San Pedro, under the direction of Bandmaster J. K. Witzman, and Mr. Witzman and his band boys certainly are to be complimented upon their musical ability.

The appearance of Mr. Witzman's band has been one of the chief topics in the community since Tuesday night. The artistic work of the Naval Reserve Band reflects great credit upon Mr. Witzman's ability as a leader. It is a fact, perhaps not generally recognized, that from 75 to 90 per cent of the success of any band is due to the director who is in charge.

The rendition of "Great American Fantasia," tone picture of north and south, and three dances of King Henry VIII were a great delight to the audience. The closing number included "Stars and Stripes Forever" and "Star Spangled Banner."

The cornet solo by G. C. Coloneous, the vocal solo by Mr. Foster and the violin solo and dancing by Jack Taylor were so highly appreciated that they answered encore after encore, and Mr. Taylor had difficulty in getting away from the audience. Although Mr. Taylor received the most applause, he is not the most finished artist of the trio of talented men, but he is a better entertainer from a vaudeville point of view. When art is considered, the palm must be handed to Mr. Coloneous, as his work was wonderfully well executed, and places him well toward the head of the class in his line of endeavor in this section of the country.

James Dervin, ventriloquist, is one of the best in his line, and Billy McCall, comedy singer and talker, was good. Dave King's dance interested his audience.

H. B. HARDWARE CO. WILL MOVE.

WILL OCCUPY ROOM IN JOHNSON BUILDING SEPT. 1.

The Huntington Beach Hardware Co., one of the well-known business concerns of the city, will make the first move in its long history of success, about September 1, when the vacant room in the Johnson building will be occupied.

The firm is one of the oldest in the city, and has occupied the room in the Stewart building at 210 Main street since the early days of the city's history.

The new location will give the firm more room to properly care for the business, and the rate for fire insurance will be reduced more than 75 per cent.

W. E. Tarbox is manager of the company.

SEVENTH DAY ADVENTISTS IN SANTA ANA.

WILL CONTINUE UNTIL AUGUST TWENTY-FIFTH.

The Seventh Day Adventists of Southern California are holding their biennial conference and annual camp-meeting in Santa Ana, the meetings having opened Tuesday and will continue until Sunday, August 25.

A big canvas pavilion has been erected for the purpose, and thousands of people are enjoying the services. The services open with the devotional meetings at 6 a. m. and close with the evening song services that open at 7:30. There is a large and well-trained chorus, supported by a big orchestra. There were business meetings this week at 11 a. m. and 3 p. m.

One of the principal speakers will be Pastor John W. Christian of Glendale, president of the Pacific Union conference, and in charge of church work in California, Nevada, Utah, Western Colorado and Arizona. Another prominent speaker will be Pastor J. Adams Stevens of Fresno, president of Central California conference. Others will include Pastors H. N. Helligso, Young People's Secretary Pacific Union conference; Meade McGuire, Field Secretary Young People's Society of Missionary Volunteers in North America; Geo. W. Reaser of Glendale, Field Secretary for the Pacific Coast; Marion E. Cady of Oakland, Educational Superintendent on the Pacific Coast; B. M. Emerson, Secretary-Treasurer Pacific Union conference; Frank E. Painter, Glendale, Field Agent Pacific Union conference; W. F. Martin, Riverside, president Southeastern California conference; W. M. Healy, J. A. Burden, C. F. Folkenburg and R. G. Schaffner, San Diego; L. E. Brant and Andrew Mead of Santa Ana; F. M. Berg, Geo. B. Star, W. A. George, C. C. Reynolds and A. W. ORGANIZER FOR THE MODERN WOODMEN HERE.

WILL MAKE AN EFFORT TO INCREASE MEMBERSHIP.

R. C. Stout, a deputy organizer for the Modern Woodmen of America, is in Huntington Beach, and will make an effort to increase the membership of the camp. There are small camps in Huntington Beach, Wintersburg and Westminster, and it has been suggested that the territory be thoroughly canvassed and new members added and then a move be made for the consolidation of the three camps.

The M. W. A. is one of the best fraternal insurance organizations in existence, the rates being lower than some other similar organizations, with the protection equally as adequate.

The rate for men from 18 to 25 years of age is 50 cents per \$1000 of insurance, and for 35 years, 65 cents; 40 years, 90 cents; 45, 95 cents. The age limit is 45 years. The organization was founded in 1883, and therefore has been operating for 35 years, and has close to 1,000,000 members, larger than any other similar society.

LETTER FROM WINDSOR CASTLE TO SOLDIER.

Mr. and Mrs. Parker Dear of Eighth street received a letter Monday morning from their son, Bandini Dear, who is a sergeant in a machine gun company in France, saying they were having a lively time, and the boys were all enjoying their vacation.

He inclosed the following letter written on stationery containing the Royal Coat of Arms of Windsor Castle, England:

"Soldiers of the U. S.—The people of the British Isles welcome you on your way to take your stand beside the armies of many nations now fighting in the old world the great battle of human freedom.

"The Allies will gain new heart and spirit in your company. I wish that I could shake the hand of each one of you and bid you Godspeed on your mission. GEORGE R. I. "April, 1918."

TEN YEARS AGO

The Following Items Appeared in the Huntington Beach News of August 14, 1908.

Tuesday afternoon Roy Chapin, an assistant in the dental office of Dr. F. M. Dye, had a narrow escape from drowning while swimming near the wharf at the foot of Main street. It has been the habit of many young men and boys to descend by means of a ladder at the middle of the wharf and swim to the shore. While engaged in this sport, young Chapin, who had been swimming in close to the piers of the wharf, was sucked under, and the ocean being rather rough, huge waves broke over him at the same time, so that he swallowed large quantities of water. Dr. Dye and Leman Reynolds were on the beach at the time and, witnessing Chapin's struggles, threw out a life preserver, and he was with difficulty dragged to the shore in an exhausted condition. Chapin was attended by Dr. F. E. Wilson, who said that his condition Wednesday morning was greatly improved, and that he would probably suffer no ill effects from his dangerous experience.

The local church of Christian Scientists is now occupying the room on Ocean avenue, formerly used by the Woman's Club. A new piano has been obtained and placed in the room.

S. E. Hearn returned Tuesday from a trip to Pasadena.

Among Sunday visitors to Los Angeles were Viroka Hyder and Mrs. Earl DeLapp.

Miss Jessie Newland and Miss Alice Rogers went to Long Beach last week as representatives of the Christian church.

Mr. and Mrs. Thomas Colburn of Los Angeles were visitors at the home of Mr. and Mrs. S. L. Blodgett this week. H. P. Blodgett of Bakersfield is a guest at the Blodgett home, and will remain with his uncle and aunt for several weeks.

Among those attending the Iowa picnic at Long Beach last week were Mr. and Mrs. I. M. Clippinger and Dr. and Mrs. W. E. Whealen.

Gladys Franklin was eight years old Thursday and enjoyed a little birthday party at the home of her parents, Mr. and Mrs. Geo. O. Franklin.

FEW VETERANS INDULGE IN THE PRIZE DANCE.

ONLY SIX COUPLE TAKE PART IN GRAND MARCH.

Never were the inroads of Time in the ranks of the Grand Old Boys in Blue more apparent than at the prize dance, which was held in the pavilion at 2 o'clock Wednesday afternoon. There were only six couple composing the grand march. W. E. Herendeen, entertainment manager, was only able to get two sets on the floor afterwards by allowing one young lady to dance. No ladies under 50 years of age were permitted to compete for a prize.

Last year there were 14 couple in the grand march, and the year before 24 couple. Taking the past three years as a basis for next year, there would be but four couple answer the grand march call next year; therefore it is doubtful if there will be another prize dance, as there would be no competition for the prizes, there being two first and two second prizes awarded.

There were three judges, Mrs. R. H. Chapin being the one from Huntington Beach, and blue and red ribbons were awarded to the winners of the contest.

LECTURES BY REV. COBB MUCH APPRECIATED.

ATTENDANCE LIGHT DUE TO ENCAMPMENT.

The lectures by Rev. E. M. Cobb on the Holy Land closed Sunday evening with the largest attendance of the series.

It is to be regretted that it happened that these most interesting lectures were given during the week of the Southern California Veteran encampment, and had it not been for this fact there would have no doubt been a capacity audience present each night.

JERNIGAN For SHERIFF

Recognizing him as a faithful and efficient officer, friends of Sam Jernigan throughout the county are working hard for his nomination and election as Sheriff of Orange County. They point to the service he has rendered in two cities and the county in police duties, and assert his qualifications are second to none. He was elected City Marshal of Orange three times, and did not complete his third term because his capabilities were recognized by Chas. Ruddock, when he was elected as Sheriff, who called him to the position of Under Sheriff.

His qualifications as an executive officer and in conducting city police work attracted the attention of the City Council of Santa Ana, and he was appointed City Marshal of Santa Ana to fill out the unexpired term of Geo. Wilson, in July, 1911, at the death of Mr. Wilson. He is now serving a four-year term to which he was elected by the voters of Santa Ana in April, 1915.

One of Jernigan's campaign slogans is "Harmony among the peace officers of the county." He would organize the officers of the county into one harmonious whole, and bring about a co-operation that would lessen the expense of the office of Sheriff. By such organization, he believes he would find out the qualifications of constables and deputies and other officers of the county, and, knowing their qualifications, could assign to them work that develops in their district instead of sending men from his office at the expense of the county.

Enforcement of the laws—and to the letter—is what he proposes and promises if elected to the office of Sheriff. Jernigan has been active in helping in the war financing activities in Santa Ana, and his services have always been at the command of those in charge of such activities.

These, together with his obligation to the City of Santa Ana as head of the police department, have made it impossible for him to get out and make a county canvass of voters. He is sacrificing his personal interests to those of the nation and his city.

Jernigan has been tried—and not found wanting.

Rolph for Governor

A Big Man For a Big Job

THE OFFICE OF GOVERNOR OF CALIFORNIA IS A BIG JOB, AND REQUIRES A BIG MAN TO HANDLE IT SUCCESSFULLY. James Rolph, Jr., Mayor of San Francisco for the past 7 years, is one of the substantial citizens of the West, and is the man for this big job at this critical period in the world's history. The State pays the Governor a salary of \$10,000—only one state, Illinois, pays a higher salary, and the man who holds the office should be one who is capable of earning that salary in the commercial world. [Since Mr. Rolph was elected Mayor, the City of San Francisco has constructed the most successful municipal street railway system in the world, that is now earning big dividends for the people. The privately-owned street railroad said the Twin Peaks tunnel could not be built. The city administration under Mr. Rolph made the long bore and cars are running through it. [His administration has given the Bay City one of the most beautiful city halls in America. [Mayor Rolph is one of the big ship builders of the country, his yards at Eureka being the largest wooden shipbuilding concern on the Pacific Coast. Director and Vice-President Panama-Pacific International Exposition Co.; President of two banks; owner of Rolph Navigation and Coal Co., one of the largest importers of coal in California; three terms President of Ship Owners' Association of the Pacific Coast.

His administration is also building the great Hetch Hetchy Municipal Water System for the people of San Francisco.

Mayor Rolph was born in the Mission District of San Francisco, and has always been recognized as the laboring man's friend.

He has at all times been highly successful with his private affairs, being endowed with great executive ability, which eminently qualifies him to successfully manage the affairs of the Great State of California.

He is no windjammer and no politician, but a man of large affairs, who is offering his services to the citizens of his state.

He is one of the patriotic citizens of the Commonwealth, and stands for war until the enemy is completely and overwhelmingly crushed.

Vote for him if you want a real business man at the head of state affairs

PATRIOTISM VS. FANATICISM.

There are some very good citizens in this country today who
have allowed their patriotism to drift over the brinks of fanaticism,
by objecting to the music composed by some of the masters
of preceding generations of Germany.

Music is metaphysical, and cannot be reasonably considered
as belonging to any nation, race or creed, and the one who considers
it from any other standpoint than that of a beautiful message
to humanity is assuming an unfortunate attitude.

The musical genius thinks nothing of personality, but strives
to impart the beautiful and glorious thoughts he entertains to the
people of the world, that they may be uplifted by the charm of the
delightful rhythm and melody of song.

The one who objects to the music that has brightened the
world for generations, on the ground that it was composed by one
who happened to have been born in Germany, removes music from
the high pinnacle upon which it has rested through all the ages and
throws it into the junk heap of materialism and sensualism. Music
is soul-inspiring, and the one who condemns the author on account
of his nationality and calls his action patriotic is deceiving himself.

The Brea Progress issued a special illustrated edition of 20
pages last week that is highly creditable work, and indicates that
Editor Tom L. Baxter is one of the progressive country editors of
Southern California. The illustrations are splendid and the descriptive
matter is well edited, and depicts the resources of Orange
county in an interesting manner.

COMPULSORY INSURANCE IS ATTACKED.

[From Los Angeles Times.]

State Senator W. E. Brown in an address to the City Club recently hurled a few more broadsides at the proposed compulsory social or health insurance law. He said the seed was planted in the nursery of Prussian autocracy and carefully pruned and watered by Bismarck.

"I believe you will agree with me that anything born of German kultur will bear close scrutiny and searching analysis," said the speaker. He declared the whole plan is un-American and that it is class legislation. He said the scheme would increase poverty and disease.

The speaker summed up his attack upon the proposed law in the following:

"It is a Prussian autocratic scheme which has admittedly failed in Germany; a scheme that instead of diminishing poverty and disease, will actually increase these evils; an un-American, an undemocratic scheme of paternalism that will devitalize the individual and breed fraud, sloth and incompetency; a plan of class legislation which contemplates that all the people shall be compelled to contribute to the support of certain wage earners when ill, regardless of the cause—whether it be vice, dissipation or improper living; a plan that will compel a wage earner to have one kind of medical treatment or none, regardless of whether he may have confidence in it or not. This virtually means the establishment of State medicine; a plan that will add millions to the burdens of the taxpayers and then fail in accomplishing the ends sought."

FROM "THE ARRAIGNMENT OF PARIS."

[Flora dresses Ida Hill to honor the coming of the Three Goddesses.]

Flora: Nor Iris, in her pride and bravery,
Adorns her arch with such variety;
Nor doth the milk-white way, in frosty night,
Appear so fair and beautiful in sight,
As doth these fields, and groves, and sweetest bowers,
Bestrew'd and deck'd with parti-colour'd flowers.
Along the bubbling brooks and silver glide,
That at the bottom doth in silence slide;
The watery flowers and lilies on the banks,
Like blazing comets, burgeon all in ranks;
Under the hawthorn and the poplar tree . . .
The primrose, and the purple hyacinth,
The dainty violet, and the wholesome minth,
The double daisy, and the cowslip, queen
of summer flowers, do overpeer the green;
And round about the valley as we pass,
Ye may ne see for peeping flowers the grass. . . .

In Alberta, Canada, there is a village whose houses have been constructed without nails, says the New York Sun. The houses were built by Ruthenian immigrants. The buildings are of the typical Ruthenian style—log, pitch-roofed, thatched and wide in the eaves. Even the door, an affair of slender twigs, woven and laced together, swings on homemade hinges and is latched with a wooden hasp. The floor is of hewn logs unnailed. The roof is a wonderful fabric of poles and cross-woven wheat straw, 10 inches thick, packed tight and solid, and laid with such care that it will endure any weather for 20 years.

Mr. Boynton Answers
Current Rumor

NASMUCH as there are certain rumors in circulation which misrepresent me and my candidacy, and owing to the impossibility for me to see all the people personally, I am taking this means to answer these rumors and explain my position relative to them.

The report is being circulated quite freely, I find, that I have "LAID DOWN" in my race; that I have not the slightest chance for success. This is done to deceive the voters who may not be informed on the matter, with the hope that such will not be corrected. I want to say that I am still very much in the race, and will be until the last vote is counted. I have good, strong, clean, business men and taxpayers throughout the county supporting me and aiding my candidacy in every honorable way. This campaign in my behalf is not being made with noise and bluster, but with heart-to-heart argument by sincere men as to why I should be elected to the office of Sheriff, and when the votes have been counted it will be shown that this kind of a campaign has been effective.

I want to say here that I am not the candidate of any political ring or clique—I am the candidate of the people. If elected as Sheriff I will not be responsible or accountable to any ring or clique; I will be responsible only to the people of the county and to the laws and the rules governing my office. And, speaking of laws, I want to assure the law-loving public that if I am elected as Sheriff of this county, all laws coming within the jurisdiction of my office will be enforced strictly to the letter, without personal sentiment or personal favor. I believe that laws are made to be enforced, and I am sure, in the event of my election, they will not be ignored and winked at as they are by some county and city officials—especially as the PROHIBITION laws are ignored in some quarters.

If elected as Sheriff of this county there will be associated with me in the discharge of the affairs of that office only good, clean men who command the highest respect and full confidence of the best people of the county. I have no campaign promises to fulfill, only to the public: To conduct the affairs of the office in a manner satisfactory and acceptable to those with the public welfare at heart.

I feel that the effort that is being made to impress the public with a belief that I am too old to properly fill the office of Sheriff will amount to little or nothing. Without a feeling of conceit or false pride, I am sure that those who know me personally or have seen me are satisfied that my 52 years have not left me decrepit or unable to carry a man-sized burden, either mentally or physically; and I am willing to test either with any man who is under the impression that I am unfit.

In summing up my special qualifications for the office of Sheriff, one will find, among others, twenty years of experience as a peace officer, and over three years as Deputy Sheriff and Jailor of Orange County. My record in these positions speaks for itself.

In fairness to the City of Santa Ana I resigned from the police force of that city when I entered the race for Sheriff, and no one has paid for the time I have spent in making up my campaign. Again I will say that I am still in the race and am quite well satisfied with my prospects for success. I have the class of people behind me whose support is a credit to any man; and, win or lose, I shall always feel honored that such people endorsed and backed me for the office I seek.

Respectfully,

E. W. BOYNTON.

THE H. B. PRODUCE ASS'N. ORGANIZED

RANDOLPH MARKETING CO.
THE SELLING AGENTS.

MEETING THIS EVENING

H. L. Heffner, C. C. Newland,
Ed Golter, Sam Gisler, W. T.
Vandruff, Chris Nelson and
Roy Kikuchi Elected Di-
rectors.

The H. B. Produce Association of Huntington Beach is now a reality. A permanent organization was perfected at a meeting Thursday night in the library building, when seven well-known citizens were elected directors to manage the corporation for the coming year.

The charter issued by the secretary of state was read, and City Attorney Alex. P. Nelson stated that the first order of business was the election of a temporary chairman of the meeting. L. D. Rush nominated W. T. Vandruff, and he was elected. Wm. C. O'Connor was elected temporary secretary.

After the preliminary organization had been completed, Mr. Nelson advised that the next order of business would be the election of directors, and Mr. Vandruff asked for nominations. Mr. O'Connor said that he believed it would be a good plan to elect directors to represent the various districts, and that as there were several Japanese who had signed up to grow cabbage, he believed it would be well to elect one of them on the board. Mr. O'Connor read the names of those who had signed the agreement to become members of the association.

Mr. Vandruff said that he believed that Mr. O'Connor had the situation so well in hand that he was better acquainted with who should be on the board of directors to properly represent the different sections, that he was in favor of allowing him to name the seven men to serve in that capacity. J. H. Renfro moved that Mr. O'Connor be allowed to name the directors, which prevailed unanimously after having been seconded by Mr. Rush.

Mr. O'Connor said that he would decline to nominate the men, but if it was the desire of those present he would suggest men for the board and they could be nominated by someone else, and he suggested the following: H. L. Heffner, manager Huntington Beach Company; C. C. Newland, Sam Gisler, Ed Golter, W. T. Vandruff, Chris Nelson and Roy Kikuchi. On motion of Mr. Renfro, seconded by Mr. Rush, these men were nominated, and the secretary was instructed to cast the ballot for them.

In response to an inquiry about cabbage seed, Mr. O'Connor said he had quotations from the Los Angeles Seed Co. at \$8.40 per pound; Morris & Snow, \$7; Egger & Muesler, \$6; Orange County Produce Association,

\$6.25. He said that 60 pounds had already been ordered, and 3 pounds more were ordered by some of those present, making a total of 63 pounds, enough to seed 189 acres, as one pound of seed is sufficient to plant 3 acres.

Randolph Marketing Co., Agents.
G. S. Miles, representing the Randolph Marketing Co. of Los Angeles, presented a tentative contract as the selling agents for the association, which was read and discussed, and accepted by the members as being satisfactory, and the directors will no doubt sign up very soon with this well-known company to handle the crop for the coming winter. Under the terms of this agreement the growers will pay the company a commission of \$4 per ton on cabbage that nets the grower \$19.99 per ton; \$4.50 per ton when the net receipts are from \$20 to \$29.99, and \$5 per ton on all netting \$30 per ton or more.

One-half of the price will be paid the grower on the Wednesday following delivery and the balance in 35 days from that time. All the grower has to do is to deliver the cabbage to the platform and the Randolph Marketing Co. furnish the packing house and all other requirements necessary to pack, transport and market the product.

Mr. Miles stated that, if the business warranted it, there would be packing houses at Talbert, Wintersburg and La Bolsa. He also stated that the time to plant the seed was about the middle of September, and that four to six weeks' time were required for the plants to mature in the seed beds.

There being no quorum of the directors present, it was decided to have a directors' meeting in the same room this (Friday) evening at 7:30.

The following were present: W. T. Newland, W. T. Vandruff, Sam Gisler, J. J. Courreges, J. M. Haptonstall, George Coker, C. C. Wilson, G. Schaaf, J. H. Renfro, Wm. C. O'Connor, Frank Dispalatro.

BAND BOYS WERE GIVEN FINE DINNER.

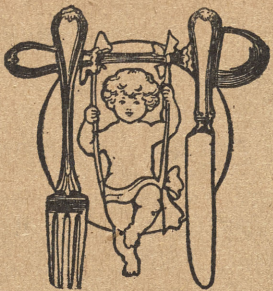

\$10 TO BE TURNED OVER TO RED CROSS FUND.

The six o'clock dinner served the members of the Naval Reserve Band, Tuesday evening at the auditorium, was appreciated by the visiting musicians. The dinner was served by the Woman's Relief Corps, and the dessert of ice cream and candy were provided by a fund collected by Mrs. R. H. Chapin. Two boxes of candy were donated by Merriam Bros. of Los Angeles through D. W. Huston. The ice cream that was left after serving the sailor boys was sold and the sum of \$10 will be turned over to the Red Cross.

MEDICAL EXAMINATION OF WAGE EARNERS FEARED.

The Boston Central Labor Union, a few days ago, adopted and sent to every member of the Massachusetts Constitutional Convention, a resolution condemning compulsory health insurance as "a vicious scheme which seeks to establish a system of periodical physical examinations of the workers."

The Constitutional Convention, influenced to some extent no doubt by the resolution, then rejected a proposed amendment to the Constitution of Massachusetts conferring authority on the Legislature to establish compulsory health insurance for wage earners. This sort of insurance is therefore definitely defeated in Massachusetts.

But in California the question is still with us. An amendment, similar to the one proposed in Massachusetts, comes before the people of California to be approved or disapproved at the November election.

The measure, if adopted, will naturally lead to the physical or medical examination of wage earners to determine whether they are good insurance risks. When found defective, they will of course be refused employment and thrown on the scrap heap.

Even the fact that a member of a man's family is in bad health will make it difficult for the man to obtain employment, because the insurance extends to the family and dependents of the wage earner. The employer, in justice to himself, will have to protect himself against bad risks just as an insurance company must.

The cost of the insurance has been variously estimated at from twenty-seven to forty-five million dollars a year in California—a tremendous additional burden to saddle upon the industry and taxpayers of the State, especially in view of the war.

Hon. N. J. Prendergast, a member of the Legislature from San Francisco, has well said: "Let us not permit the expensive and dangerous experiment to be tried in California during these troublous times."

THE MAN FOR SHERIFF.

[Editorial from Orange Daily News.]

Logan Jackson is a sizeable man. The office of sheriff, during the stressful times of today, requires more than ever a sizeable man.

Which leads to the belief that Logan Jackson is the man for sheriff.

A great many people in Orange county are sharing in that belief and in the event that he is placed in the office a great many more who have not had the opportunity of appreciating him, will come to that way of thinking.

Logan Jackson has been proven by nearly eight years of service as a peace officer. It has been no accident that the community surrounding Orange has had almost no experience with the lawless element that so frequently disturbs other localities with petty or serious outbursts. Our peace and quiet is due principally to the influence of the big, quiet-mannered man, whose firm grip on his territory is the result of watchfulness, knowledge of character and prompt, decisive action. Getting results without noise or friction stamps Logan Jackson as the best type of officer.

Unfortunately there is at present a lack of harmony and co-operation between the sheriff's office and some, at least, of the other peace officers of the county. Without attempting to place the blame for this or to assign its cause, we believe that Logan Jackson, who knows but little of politics, could weld the peace forces of the county into a harmonious and efficient unit. Those familiar with his personality will not hesitate to endorse that opinion. Furthermore, that phase of the situation is one that merits serious consideration. In a crisis it would be all-important. It is that situation and its potential effect which is largely responsible for this active appeal for Logan Jackson. This appeal isn't merely a friendly boost. It is based on knowledge of a man's ability to fill a need. Otherwise we probably would have kept still, as newspaper participation in county politics seems to be going out of style. So far we haven't noted a single shot fired in anybody's behalf in the present campaign.

"THE FLASH OF AN EMERALD" SATURDAY NIGHT

"Man Above the Law" For Sunday Night.

"HER MATERNAL RIGHT" THURSDAY EVENING.

The following program has been arranged at the Princess theatre for the following week:

Saturday Night, August 17.

The headliner will be "The Flash of An Emerald," preceded by a U. S. War Film and Big League Stuff Comedy.

Sunday Night, August 18.

The program Sunday night will open with a Ford Weekly and Triangle comedy, followed by "Man Above the Law."

Duke Chalmers, disgusted with civilization, goes West and becomes an Indian trader. He marries a Navajo girl, Natchah, and from this union comes a daughter, Tonah. Chalmers becomes known as Man Above the Law to the Navajos, who fear him worse than death.

Esther Brown arrives from the East and opens a missionary school. She pleads with Chalmers to stop selling bad whiskey to the Indians and Mexicans, and also allow his daughter to attend school. He agrees to the latter, but evades the former. Chalmers and Esther are drawn to each other and their interest ripens into love.

During a Mexican celebration one night, Esther is attacked. Chalmers, called to the rescue by Tonah, slays the teacher's assailant, and it is then that both realize the strength of their love. Esther, however, insists that Chalmers return to his squaw and daughter. Natchah sees the rescue and is driven to action by her hate and makes an attempt on Esther's life, but is caught by Chalmers. Then Esther tells Chalmers that one of them must leave the place, and the "Man Above the Law" asked a day to reach his decision. When Esther returns in the morning for her answer, she finds that Chalmers, his squaw and daughter have gone.

CAST.

Thursday Night, August 22.

Kitty Gordon will appear as the star in "Her Maternal Right." There will also be a Ford Weekly and a Big League Stuff comedy.

Kitty Gordon, statuesque figure of the stage and dramatic artiste renowned, will be the attraction when she will be seen in "Her Maternal Right," a World Film feature which tells in an exquisite dramatic manner about Jack Treadway, who, on the death of his father, finds that he has no funds and secures a position as teller in a bank.

He meets Nina Strang, an actress, and he lavishes money and jewels on her, but in order to keep up with her pace, he is forced to make false entries in his books and is soon indebted to the bank for a considerable sum. Nina meets Amos Matson, a millionaire, and through her fickleness throws off the old love for the new. Jack, realizing what a fool he has been, turns over a new leaf, but the shortage on his books is a constant worry. He meets Mary Winslow, and after a short courtship they are married.

Accidentally, one day, Mary hears about Jack's affair with Nina, and she follows him to Nina's apartment, where she overhears a conversation between them which clears everything in her mind. Through her pluck and courage, Jack is able to secure from Nina the money he so foolishly lavished on her, thus making up the shortage.

A GOOD SHOWING FOR ORANGE COUNTY.

GET READY FOR THE NEXT LIBERTY LOAN.

The official report of the Third Liberty Loan, which was held from April 6th to May 4th, 1918, has just been received by the Treasury Department of the Twelfth Federal Reserve District. This report is compiled from the official records of the Federal Reserve Bank of San Francisco.

There were nine counties included in the Southern California District, and Orange county was fourth on the list.

Imperial county, with a quota of \$708,000, raised \$1,127,750. This means that their loan was oversubscribed 59.29%. The number of subscriptions in Imperial county were 7,928, which gave a percentage of the population subscribing 58.33%. This was the highest percentage of distribution attained by any county in Southern California.

Los Angeles county, with a quota of \$29,310,000, subscribed \$44,485,650, or oversubscribed 51.78%. The number of subscribers was 193,317, or an average of 38.35% of its population.

San Diego county, with a quota of \$2,635,000, subscribed \$4,101,350, with an oversubscription of 55.65%. The number of subscribers was 20,846. The per cent of its population subscribing was 33.81.

Orange county, with a quota of \$1,420,000, subscribed \$1,971,500, or an oversubscription of 38.84%. With the number of subscribers as 10,918, it makes the percentage of population subscribing 31.70, or fourth in the list.

If we then start in to take the cities of Southern California, we find that for distribution among its population. Santa Ana is second.

Long Beach, with 13,572 subscribers, sold to 76.21% of its population, thus ranking first in distribution.

Santa Ana, with 4,714 subscribers, sold to 55.93% of its population, or ranking second in the matter of distribution in the cities of Southern California.

These figures have a great deal of bearing upon the Fourth Loan. The residents of Orange county should study them carefully. Should the Government decide to make the next call for six billion, it will be twice as large as the call for the Third Loan, consequently the residents of the county must make their plans to double the subscription that they made before, or they must co-operate with all the different committees and bring in as buyers of these bonds all those who have not up to the present time bought. The war is not for any particular set of individuals, but for every individual in the United States, consequently it is the bounden duty of every individual in Orange county to own all of these bonds that he can afford to buy.

ZEROLENE

The Standard Oil for Motor Cars

The Popular Motor Oil
More ZEROLENE is used for automobiles on the Pacific Coast than all other oils combined.
Leading motor car distributors praise ZEROLENE, correctly refined from selected California asphalt-base crude, because it maintains its lubricating body at cylinder heat and gives perfect lubrication with less wear and less carbon deposit. Get our lubrication chart showing the correct consistency for your car.

Engines are either water-cooled or air-cooled. This air-cooled type, like all internal combustion engines, requires an oil that holds its full lubricating qualities at cylinder heat, burns clean in the combustion chambers and goes out with exhaust. ZEROLENE fills these requirements perfectly, because it is correctly refined from selected California asphalt-base crude.
